Press Release

Equitorial Exploration Now Trading on the OTCQB

Vancouver, BC, Canada – July 31, 2017 – Equitorial Exploration Corp. (TSX-V: EXX, Frankfurt: EE1, OTCQB: EQTXF) (“Equitorial” or “Company”) is pleased to report that the shares of the Company are now listed for trading in the United States on the OTCQB Exchange under the trading symbol EQTXF.

Electronic Settlement in the USA via DTC

In addition, the Company will be making its common shares eligible for book-entry delivery and depository services of The Depository Trust Company (the "DTC") to facilitate electronic settlement of transfers of its common shares in the United States. DTC Eligibility means that a public company's securities can be deposited through DTC. DTC serves as the centralized clearinghouse for more than 50 exchanges and equity trading platforms in the U.S., maintaining multiple data and operating centers worldwide and providing strong business continuity and around-the-clock support. Their depository provides custody and asset servicing for securities issued from 131 countries.

About Equitorial Exploration Corp

Equitorial is aggressively developing three 100%-owned, high-potential, lithium projects in North America. The Little Nahanni Pegmatite Group (LNPG) is a 43-101 compliant, hard rock, lithium property in the NWT. The Tule and Gerlach Lithium Brine Projects are located in lithium-rich Utah and Nevada within easy reach of the Tesla Gigafactory #1.

All three projects have demonstrated highly encouraging grades and Equitorial intends to actively explore these Lithium opportunities in the coming season.
